NEW MOTION PICTURE EQUIPMENT INSTALLED

Mr. Stevens, of Calgary, spent several days in town last week installing into the Orpheum Theatre the new Motograph De Luxe machine, one of the latest and most up-to-date obtainable.

The new machine was operated for the first time on Monday night and the audience were delighted with the improvement brought about by the new and powerful projection system.

Picture shows at the Orpheum now are as clear and steady as could be seen anywhere and no doubt the local theatre-going public will show their appreciation of the efforts of Mr. Placek to give them what is best.

The new equipment represents an outlay of around \$3500.

INVESTIGATION INTO MINE DISASTER OPENS

With Chief Justice Harvey presiding, the investigation into the cause of the explosion in the McGillivray Creek Coal & Coke Company's mine a year ago, in which ten lives were lost, opened in the Oddfellows' hall at Coleman on Tuesday morning and is proceeding daily from 10 to 12:30 noon and from 2 to 4 p.m.

Associated with the chief justice as counsel are: H. H. Parlee, K.C., Edmonton; H. Ostlund, K.C., Lethbridge; E. J. Newson, Edmonton. Others on the inquiry are: James A. Richards, acting chief inspector of mines for Alberta, Edmonton; A. L. Smith, K.C., counsel for the coal company, Calgary; W. S. Gray, representing the attorney-general's department, Edmonton; James G. S. Hudson and A. E. McIntyre, powder experts, Ottawa; Moses Johnson, local district mine inspector, Frank Wheatley, president of the Canadian Mine Workers, Calgary; P. M. Christophers, M.L.A., Rocky Mountain; T. A. Powell, court reporter, Edmonton; F. G. Perry, court stenographer, Fernie, and C. F. Steele, representing The Lethbridge Daily Herald.

It is expected the investigation will conclude by Saturday.

CATHOLIC BAZAAR IS SUCCESS

The bazaar held in the Moose Hall on Tuesday afternoon under the auspices of the Catholic Women's League was largely attended and a success. The various stalls of fancy work, home cooking, delicatessens, etc., as well as the fish pond and tea tables, were well patronized.

A whist drive followed at 8 o'clock, when nineteen tables were at play. The prize winners were: Ladies' first, Miss Julia Dutil; second, Mrs. John McAndrew; consolation, Miss A. Thomason. Gent's first, David Oliver; second, Clifford Picard; consolation, John McAndrew, senior.

Following the supper, the tombola draw took place, in charge of Rev. Father Harrington. Mrs. J. McAndrew doing the honors of drawing. Lucky tickets were held as follows:

Miss Jeanette Thibodeau, for \$10 gold, donated by Mrs. G. A. Vissac.
Miss A. Parsons, Michel, for cut-work tea cloth, donated by Mrs. A. J. Kelly.

Mrs. R. C. Duthie, Ottawa, for hooked rug, donated by Mrs. H. MacDougall.

Mr. H. Griesbach, for cut-work cushion, donated by Mrs. L. L. Morgan.

Mrs. A. J. Kelly, for \$5 gold, donated by Mr. J. E. Gillis.

Mr. John Gamache, for a turkey, donated by Mr. J. P. O'Neill.

Mrs. Altermatt's orchestra furnished music for dancing, which followed.

ST. LUKE'S ANGLICAN CHURCH

Services for Sunday next, 20th November—

10 a.m.—Sunday school.
11 a.m.—Morning service.

RELIGIOUS EDUCATION INSTITUTE MEETS

The sessions of the Religious Education Institute, held in the United church, Blairmore, on Saturday last, were fairly well attended, despite the inclemency of the weather.

Able addresses by Rev. J. L. Wright, of Bellevue; Mr. Donald McPherson, of Blairmore; Mr. Gordon Lapp, of Calgary, and Rev. F. E. Howley-James, of Fishburn, were features of the sessions.

During intervals between sessions tea was served by the ladies of the United church.

The session scheduled for the evening was cancelled, in order to allow those coming from outside points by car to get home early on account of the very stormy weather.

The sessions were presided over by Rev. J. W. Smith, of Blairmore. Other clergy in attendance were: Rev. J. H. Gordon, Pincher Creek; Rev. R. W. Griffith, Cowley; Rev. J. L. Wright, Bellevue; Rev. Roy C. Taylor, Hillcrest, and Rev. H. J. Bevan, Coleman.

ARMISTICE BALL A HUGE SUCCESS

What was conceded to have been the biggest success in its line in five years was the annual Armistice ball, staged at the opera house on Friday night last under the joint auspices of the Independent Order Daughters of the Empire and the Blairmore Branch Canadian Legion of the British Empire Service League.

The hall was quite bright and attractive for the occasion and despite the stormy elements outside was indeed comfortable.

Fully one hundred and fifty couples were in attendance and the management deserves great credit for the manner in which the big affair was handled.

The splendid music rendered by Mrs. Altermatt's newly organized orchestra elicited considerable comment and praise and the general feeling expressed was that with a little encouragement there was no reason why the local aggregation could not stage a brand of music equal to that offered by any imported outfit. The action of the Legion and the I.O.D.E. in this respect is commendable.

The personnel of the new orchestra is as follows: Mrs. Altermatt, piano; Eric Hornquist, violin; Joe Jasbee, violin; Miss Arlenson, banjo; Jerry Slopek, saxophone; Charlie Slopek, saxophone, and Maurice Bond, drums.

Luncheon was served at midnight and dancing followed till near three o'clock.

The net proceeds—a very neat sum—goes towards the Blairmore War Memorial Fund.

JUDGMENT

Following is the judgment of Judge MacDonald in the appeal of Councillor Arthur E. Ferguson against a conviction for speeding under a town by-law:

"In the District Court of The District of Macleod.

Between John Spence, complainant (respondent) and Arthur E. Ferguson, defendant (appellant) Macleod, October 31, 1927.

"I think this appeal must be allowed. At the time the by-law in question (By-Law No. 71) was passed, it was not within the power of the council to enact it.

"Appeal allowed with costs.

A. M. MACDONALD, J.D.C."

A cheque signed by Abraham Lincoln on April 13th, 1865, and believed to bear one of the rarest of his autographs in the hands of collectors, has been discovered by Thomas F. Madigan, a New York autograph dealer.

Imitation elephant, alligator and snake skins will be among the new gear of the Sun Life Assurance Company, Mr. C. J. Tompkins, last week made of materials similar to imitation leather now used for automobile tops.

A. M. Tice, western general manager of the Sun Life Assurance Company, Mr. C. J. Tompkins, last week returned home to Calgary after a brief visit with his son at Trail, B.C.

BAZAAR AT BELLEVUE
MONDAY, NOVEMBER 28

The Ladies' Aid of the United church at Bellevue will hold their annual bazaar on Monday, November 28th, commencing at 3 p.m. in the gymnasium of the church.

There will be many dainty articles for sale, both fancy and plain, suitable for Christmas presents. There will also be home cooking, home-made candy, and a surprise department. Tea will be served during the afternoon. The bazaar promises to be the best yet. Come and see for yourself.

COWLEY HAPPENINGS

Inspector Bremner is inspecting schools in these parts at present.

The weather still continues cold, with frequent showers of snow, which has packed down quite hard, making driving rather difficult.

Owing to ill health, Miss Grove has asked for a leave of absence from the teaching staff here. Mrs. Hood, of Macleod, is filling her place at present.

On account of severe cold weather and snow, the conference of the Women's Institute of this constituency, which was to have been held here on Monday last, has again been postponed.

Eddie De Meyer, who was employed with the Royal Bank staff here, was taken ill with appendicitis only a few days ago, when he went to Lethbridge for an operation. Complications set in shortly after the operation, which resulted in death on Saturday morning. The body was brought back to Pincher Creek, where his parents reside, for burial. Eddie will be greatly missed here, as he had made a host of friends while in this district.

BLAIRMORE HIGH SCHOOL
LITERARY SOCIETY

A very enjoyable party of the Blairmore High School Literary Society was held in the grill room of the Tea Kettle Inn on Friday evening, November 4th. There was a large attendance and a very pleasant evening was spent by everyone. A program was carried out, consisting of instrumental and vocal numbers and including games, etc., in which the guests heartily took part. After the program lunch was served, this being followed by dancing till 12 o'clock, at which hour the party broke up.

The third meeting of the B.H.S. Literary Society was held on Friday last, November 11th, in the senior room, with Mr. Frank Johnson presiding. Nominations for sub editors took place, and the following were elected: Grade IX, R. Linville; grade X, D. Mackenzie; grade XI, E. Blas; art editor, R. MacDonald; joke editor, Alice Hornquist.

Mr. Gordon Lapp visited the high school last Monday and gave a very pleasing and interesting talk on the costumes and habits of the Finns, describing a visit to a conference at Helsingfors, Finland, last year.—F. McDowell, editor.

On the recommendation of Hon. Charles A. Dunning, minister of railways and canals, the government has awarded to the firm of Stewart & Cameron, Limited, of Winnipeg, the contract for the construction of the grade of the proposed extension of the Hudson Bay Railway from Mile 356 of the present to Fort Churchill, which has been chosen as the ocean terminus of the road.

Says Marriage Prolongs Life

Wives Live Longer Than Single Women Declares Actuary

Married women live longer than single women, according to the British Government Actuary, Sir Alfred Watson.

In a report on life tables based on the population as returned in the 1921 census, and on the average number of deaths recorded in the three years 1920-22, rates of mortality for single, married and widowed women show that the advantage lies with the married woman.

At the youngest ages for which comparison was possible, the lightest rates were those for single women. Rates for single and married women differed but slightly between the ages of 24 and 27. But thereafter the rates for married women were usually lower than those of single women or widows, while rates for widows were invariably heavier than those for single women or wives.

What is wrong with the tea? If this question is ever asked at the table you are using was in a poor package. Careful experiments have proved that Aluminum is the only tin package to keep good tea in. You should try Red Rose Tea and see how fresh and brisk and pungent it is in the Aluminum package.

In the drawing room all alone it seemed to have about it a spot of aloofness, with its own little warm room and towels, and abundance of room, while the car outside was crowded. It flattered her, too, to notice how attentive the porter was, though she was shrewd enough to suspect it was with the generous tip which she knew Mrs. St. John had given him, endeavoring in his thereby that gratitude which shades delightfully into antipathy.

Mrs. St. John had told her that when she went for her meals it would be well to carry a book—a book keeps chance acquaintances at a distance, for it plainly means "Keep away; can't you see I'm occupied?"—and just now conversation was not desirable. Helma's Finnish accent might betray her. All these instructions, hurriedly given though they were on the way to the station were strictly obeyed. She remembered to walk lightly, tip generously and betray no open interest in her surroundings. It was well to let her fellow travellers think that travelling was an old dreary experience for her. When she saw the porter she put her mouth tightly.

A third mother with a swarm of sticky children occupied a double seat half-way down the car. When Helma came out of the drawing-room and passed them on her way to the diner, the woman looked after her enviously. "I hope that girl knows when she's well off," she said. "Gosh! it's me that ought to have that place to myself with this gang of mine, where I could wallop them in peace without having folk stare at me. But she's the way of the world? Them that has gets? People with big families have small houses; people in big houses have none at all. It sure does seem strange—but what can a person do? Maude, I'll buy you cold if you don't stop teasing the baby."

"When Helma was on her way back the family was in a state of extraordinary commotion. Charley, the five-year-old, was getting a temporary cleaning up by the method known as a "spit-mat," the young man objecting loudly, not to the method alone, but to the whole basic principle. In addition to her operations on Charley the mother was trying to quell the riot that had broken out between Maude and the baby over the finding of a nut-bur in the general turmoil of coats, hats, oranges, bags and toys which were wedged in between the children on the seat. "Maude, stop! Don't take it from him—let him eat it!" The baby had the nut-bur Maude hoarsely protested. Maude's voice was hoarse with roaring. Maude had to roar if she were to be heard above the family chatter. "Oh, leave him alone while he's crying," cried the mother to despair. "Let me have a moment's peace, even if it does make him sick. I'll give him castor oil tonight. Stand still, Charley, or I'll lay you cold!" Then it was that Helma forgot her instructions, forgot that she was a fugitive from the law—she only knew that here were people who needed a friendly hand of the sort that she could supply.

(To Be Continued.)

Bob—"He can't fight!"

Pete—"Can't, eh? Say, when he swings and misses, the other fellow gets pneumonia."

Girls beg the question when they try to induce men to propose.

Large Pimples Lusted A Year Cuticura Heals

"My face and neck were all covered with pimples. They were red, hard and itched and caused me to scratch. For a while the itching and burning were so severe that I could not sleep. I tried everything but Cuticura. I used a lot of ointment and a month later the pimples were all healed. The best I ever had."

"I used other remedies but they failed to help me. I sent for a free sample of Cuticura Soap and Ointment and a half I was healed." (Signed) Miss Emily Dold, Riverton, Man. Clear the pores of impurities by daily use of Cuticura Soap, with touches of Cuticura Ointment as needed to soothe and heal. Cuticura Talcum is fragrant and refreshing, an ideal toilet powder.

Sample Soap Free by Mail. Address: Canadian Agents, The J. W. & L. 2870-2871, 2872-2873, 2874-2875, 2876-2877, 2878-2879, 2880-2881, 2882-2883, 2884-2885, 2886-2887, 2888-2889, 2890-2891, 2892-2893, 2894-2895, 2896-2897, 2898-2899, 2900-2901, 2902-2903, 2904-2905, 2906-2907, 2908-2909, 2910-2911, 2912-2913, 2914-2915, 2916-2917,

What Makes a Town?

A prosperous rural population which demands a community centre where may be established business, educational, religious and entertainment facilities. Where these flourish and are active it is safe to surmise that the people of that section realize and appreciate the value to them of such a centre.

What Maintains It?

The towns are largely maintained by the surrounding districts. But the organization, the direction, and to a great measure the up-keep, of the institutions in such towns are in the hands of the business interests, together with those directly and indirectly connected therewith. Without the active business and professional men to supervise and govern these public institutions and undertakings, no town could thrive.

Who is Mainly Affected?

Every citizen either in or about a town should be concerned in seeing it that they do their part in carrying on any good cause which may be promoted, either by financial or active support. Only in this way will any town prosper and develop as it should.

Publicity is Required

In promotion work your local paper takes the leading part. It is ever the champion of worthy causes and philanthropic and patriotic undertakings. But to function properly, and fully carry out its natural prerogatives, it must in turn have the financial support of the community it serves. When needing advertising or printed matter always first think of

A Statesman

And this happened in Massachusetts. A school committeeman was visiting a classroom. After the class had read one of Webster's speeches, the visitor asked one boy: "Who was Webster?"

"A statesman," the boy replied.

"But what is a statesman?" the visitor asked.

"A man who goes around making speeches, yet I am not a statesman."

"That is not quite right," said the committeeman. "I go around making speeches yet I am not a statesman."

"I know," spoke up a bright little fellow. "A statesman is a man who goes around making good speeches."

Having about one-hundredth of one per cent Scotch in our blood, we hope to curl this winter if we can ever get an opportunity to print ourselves a membership ticket, rather than have to buy one.

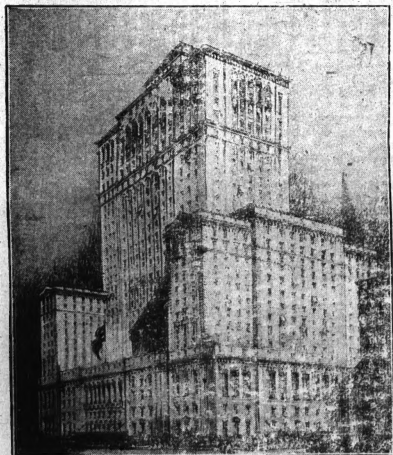

Here's the fine bouquet that the Minneapolis writer hands to Tiny Thompson, a Calgary boy, who has been a sensation of every team that he has guarded the nets for: "Tiny Thompson started where he left off last year, and the shortening of the pads did not appear to bother the Miller goalkeeper in the least. He knocked and kicked them out from all angles."

The root of much political evil is declared to be the empty voting booth on election day.

At the annual general meeting of the Northwest Travellers' Association, held at Winnipeg this week Robt. Gray, of Blaimore, was elected a member of the executive committee.

A. B. King, of Okotoks, who for some years has been president or otherwise prominently identified with the Alberta Amateur Hockey Association, has resigned as a consequence of the dispute in Alberta hockey circles over the changing of the 15th from December date to November the 15th from May the 15th.

"The Royal York"—Empire's Largest Hotel

Architect's drawing of the New Hotel.

The first architects' drawings released by the Canadian Pacific Railway Company in connection with the construction of their proposed new hotel at Toronto, reveal a structure which through a series of varying roof levels, will rise to a height of 28 stories above the street level. Containing over 1000 rooms it will be the largest and finest hotel building in the British Empire, taking its place in the front rank with the world's best.

"The Royal York", as the new hotel will be known, is a name chosen

for it by President E. W. Beatty, believing it to be most fitting in that it expresses the new structure with the history of Toronto and conforms with the dignity and importance of the building and its splendid appointments. The earliest history of Toronto is encompassed in the word "York". A part of the year 1791 the new province of Upper Canada was duly constituted, and its capital was started in its career as "a very English town" by the early Briton, John Graves Simcoe. He bestowed upon it the name of York, establishing

there as close a copy of British political institutions as he could contrive.

The location of the new hotel is notable in that it is directly across from the new Toronto Union Station, one of the largest railway terminals in America, and which will be opened shortly. The building will extend 350 feet along the north side of Front street, which is unusually wide at this point and which will result in the hotel being set off to splendid advantage. It will extend on the west to York Street and to Flavel street on the north. On the east is an open space. A wide airy and well-lit subway will extend under Front street into the new Union Station.

Some idea of the facilities of this new hotel can be gained by the fact that on the two floors above the lobby and first mezzanine, it will be possible to accommodate conventions of six and seven thousand people. One of these floors will be one of the most notable in America. Around a central foyer will be arranged a ballroom, convention hall and banquet room. These halls will be of unusual height and size, being overlooked by balconies opening out on another mezzanine floor.

The roof garden at the top of the tower will be in advance of anything that has yet been attempted in Canada along that line. On three sides it will be glass covered, thus affording an uninterrupted view across the lake and the city. Here meals will be served. Above it will be another mezzanine floor containing additional facilities for serving and entertainment.

Detail plans for finishing and decoration have not yet been completed, but considerable personal attention has been given by Mr. Beatty and the Company's directors. The result will be a building that, besides being an ornament to the city of Toronto in every respect worthy of that city's importance and assured growth, will be the largest hotel structure in the Empire. In construction and furnishing the new hotel will, as far as possible, be all-Canadian.

H. A. BROWN,

whose appointment as Vice-President and General Manager of General Motors of Canada, at the age of 37, marks him as one of the youngest higher executives in the automotive industry. Mr. Brown has been connected with the General Motors organization for a number of years, having held the position of comptroller at Oshawa since September, 1924. He succeeds Gordon Lefebvre, who has assumed an important post with the Oakland Motor Car Company at Pontiac, Michigan.

That the department of marine and fisheries is not giving the attention to the re-stocking of trout streams which the district deserves is the complaint of Coleman Rod and Gun Club, as expressed in a resolution arising from a discussion at their annual smoking concert on Monday evening in the Oddfellows' Hall. One member stated that from this section of the Crows' Nest Pass he estimated there were approximately \$1600 being paid in licenses, and this amount certainly warranted some consideration being given. If attention was not given to the re-stocking of streams or measures taken to afford some protection against the large number of tourists who now fish these streams, here would very soon be nothing left to fish for.—Coleman Journal.

NEW COAL FLOUR PROVES SUCCESS

NEW YORK, Nov. 8.—The use of pulverized coal as steamship fuel has been successfully demonstrated on board the steamship Mercer, of the United States lines, from Hampton Roads.

Pulverized coal, said by shipping men to be the cheapest kind of fuel in the world, was used during the entire trip. The Mercer steamed perfectly, it was announced. Naval and shipping board officials expressed belief that the test proved the practicability of pulverized coal as steamship fuel and that by the use of it a vessel can be operated at a third of fuel oil cost.

The shipping board has developed the new fuel and equipped the first vessel to make intensive tests with it. The coal, pulverized finer than flour by a crushing machine, is forced through tubes into the burners continuously by means of compressed air. Additional tests will be made for the benefit of local shipping men after which the Mercer will be assigned to a transatlantic freight route.

Fuel oil has been used on ocean-going vessels to an increasing extent in recent years, but operators have objected to the increase in the cost of oil, and the intimations that the world's oil supply was now running low has been advanced as an argument against the further construction of oil-burning vessels.—Christian Science Monitor.

The cold weather has been holding up some stone work on the new Michel school building. There is only two or three feet to do yet and Robt. Kerr, who is in charge of the work, had hoped that they might be able to complete it and get the roof on this fall. The new school building when finished will be the most up to date in the interior and a credit to the district.—Ferne Free Press.

APPRECIATES CO-OPERATION

Edmonton, November 8, 1927. To the Editor:

I will appreciate your using the following statement in your columns in order to convey my thanks to as many as possible of the officials and organizations mentioned:

I desire to express to all local boards of health, school boards, medical officers of health and physicians, railway companies, operators of motor-bus lines, police officers, newspaper publishers, and all other organizations which gave assistance, and to the public generally, my appreciation of the excellent co-operation given the provincial department of public health in dealing with the recent outbreak of infantile paralysis in the province.

GEORGE HOADLEY,
Minister of Health.

HOME BANK TO GET BACK BIG AMOUNT

MONTREAL, Nov. 16.—An echo of the Home Bank failure is the news that the James Ogilvie Company, Ltd., one of Montreal's large department stores, has been purchased by A. J. Nesbitt, Montreal, at a price which gives to the liquidators of the bank all the advances made originally by the bank to Ogilvie Company and a small profit in addition. It is understood that more than three-quarters of a million dollars were involved in the transaction.

The right of way for the Calgary-Ferne railway has been cut for about thirty miles above Michel. The work is now approaching the C.P.R. crown granted coal lands, where there is a very valuable stand of spruce and pine timber and we understand the company is keeping its eye peeled for any infringement of its rights. It is said that the timber has been cut without permission on some private lands already crossed.—Ferne Free Press.

Canadian Buyers Profit by Canada's Export Trade

IN the distant reaches of Britain's far-flung empire you will find General Motors cars, built in Canada by Canadian craftsmen, from Canadian materials.

In five years over 110,000 automobiles have been sent overseas by General Motors of Canada to carry the standard of Canadian quality around the world.

This represents a truly important contribution to Canada's export trade.

It represents millions of dollars to be spent in wages to Canadian workmen, in the purchase of Canadian metals, wood, hides and

the countless other materials entering into the manufacture of General Motors cars.

And it represents a greatly augmented production of General Motors of Canada, resulting in lower costs of manufacture, in economies of purchasing, in greater savings of time and labor through greater volume.

Thus, because in India, in Egypt, in Malaya, Ceylon or South Africa, someone is buying a General Motors car from Canada, General Motors can offer to you, in Canada, a product of higher quality at a lower price, than otherwise possible.

French River Home of the Fighting "Muskie"

E.A. PARNTOSH (LEFT) WITH 57 LB. MUSKIE

A PORTAGE

"Muskie" are so plentiful at French River, Ontario, according to J. G. Strathdee, who runs the French River Bungalow Camp at this Ontario resort, that he and his mother, while paddling down the River, past the golf course, struck a muscunge at least four feet long which was sunning itself near the surface of the water. The muskie, which was as surprised as the canoeists, leaped several feet out of the water, then vanished from view.

French River station is on the Canadian Pacific Railway, 215 miles north of Toronto, 90 miles north of Parry Sound, and 45 miles south of Sudbury. The Bungalow Camp is an attractive situation on an elevation commanding a magnificent view of

the main channel of the French River and within 200 yards of the station. In addition to the Bungalow Camp, an outlying sub-camp is situated at Pine Rapids, at the head of Eighteen Mile Island, in the heart of the best fishing waters of the upper French river. It has as an adjunct Pine Rapids Camp, which is 25 miles up the river. These two camps accommodate ninety people, and there are plenty of fish—muscunge, Great Northern pike, pickerel, and small and large mouth black bass. There are thirty well built and comfortable bungalows at the main camp, while Pine Rapids has canvas houses built on wooden floors. French River is 215 miles North of Toronto.

Here is a tale told by Mr. Strathdee, about a "muskie" with a toothache. In August, this big fresh water tiger needs a fish dentist. Last year a visitor to French River looked a 30-pounder which immediately dropped to the bottom of the river and sucked. The knowing Indian guide tapped the rod with his knife; the vibrations went through the pole, down the line to the mouth of the "muskie," and irritated one of its sore teeth. The muskie then leaped clear of the water, and proceeded to give the fisherman a fierce fight lasting three-quarters of an hour!

The muscunge at French River run from 10 to 45 pounds, and one was caught in this well-known angling resort which weighed 45 lbs.

FORMER BLAIRMORE PASTOR PRESIDES AT DRUMHELLER MEET

Speaking of the visit of Supreme Chancellor Witte to the Knights of Pythias lodges in the Drumheller district, the Drumheller Review states:

"Immediately at the close of the banquet the members gathered in the hall, under the chairmanship of Rev. H. Laurence Nobbs, of Coal City Lodge, to hear the message from the supreme chancellor, who spoke for nearly two hours. His address, dealing with the aims, objects and desires of the order, together with a full explanation of the duties which members owe to themselves, their fellowmen and their families, was one which will never be forgotten by all who heard it. Supreme Chancellor Witte is a very outstanding speaker, a thorough student of the psychological side of human life, and his audience enjoyed every minute of the address, experiencing feelings which ran the entire gamut of human emotions. His remarks along the line of father's and mother's duty to their children, likening the home to that of a lodge, with father at the head and mother in the place of the church, was particularly touching and inspiring. The speaker laid particular stress upon the subject of men and women attending to their church duties, regardless of what their creed might be, stating that no lodge on earth could or should take the place of one's church."

The Elks' Christmas Cheer dance will be held at Fernie on December 6th.

WHEN EVE WAS A GIRL

The maidens were witty
And natively pretty—
Could warble a ditty
As ray as a merle;
In dress they were natty;
In manners not catty,
They ne'er were called "batty"
When Eve was a girl.

They never played Mah Jongg,
Bridge, poker or ping pong;
Life then was a calm song,
And not a mad whirl;
They ne'er roused their faces,
Or bet on the races,
Nor went the "swift paces"
When Eve was a girl.

They wore no bobbed tresses
Or neck-a-bee dresses,
Nor lavished caresses
On any poor churl;
So, in retrospection,
We find on reflection,
The maids were perfection
When Eve was a girl.

—Sudbury Star.

Bobbie: "What are descendants, Father?"

Father: "Why, the people who come after us." (Presently) "Who is that young man in the passage?"

Bobbie: "That's one of sister's descendants, come to take her for an auto drive."

Short Sothman: "Had ye a puid time at the McPhersons last night?"

Long Sothman: "Glorious, mon, et cetera. We started wi' seven cecrews an' finished wi' em all straight."

SANDMANN—ELTON

A dainty wedding took place in St. Luke's Anglican church, Blairmore when Doris, eldest daughter of Mr. and Mrs. Cecil Elton, Cowley, was united in marriage to Mr. Vivian Sandmann, son of Mr. and Mrs. Eri Sandmann, of Glasgow, Scotland, on Monday at 5 p.m., Rev. Neville Blunt of Pincher Creek, officiating.

The bride entered the church on the arm of her father to the strains of the wedding march played by Mr. Jack Graham. She was charming in a gown of ivory georgette over crepe satin, trimmed in silver. The embroidered veil was held with a wreath of orange blossoms. She carried a bouquet of pink roses and carnations. Miss Kathleen Elton, only sister of the bride, acted as bridesmaid, and was nicely attired in a dress of velvety blue, with hat to match. She carried a bouquet of white and yellow chrysanthemums. Michael Elton, cousin of the bride, supported the groom.

After the ceremony, around forty guests partook of the wedding supper at the Greenhill Grill. On this occasion the bride's table, spread under lights of gold and old rose, was decorated with bouquets of pink chrysanthemums. Soft music was played throughout the dinner hour.

It was a happy bride and groom that left mid showers of rice for Calgary, where they will spend their honeymoon.

"How you bachelors get any enjoyment out of life is more than can be said," remarked Mrs. Gray.

"That's easy," was the reply. "We just look at the expensive clothes worn by married women, and then we congratulate ourselves that we don't have to pay for them."

The Barden of Learning

The inspector was paying a monthly visit to the village school. He examined the children's reading and general knowledge, as was his custom, and was very pleased with the answers he received.

After the last question had been asked and answered satisfactorily, he rose to his feet, and looking slowly around at the upturned faces, he remarked genially: "I wish I were a little boy at school again."

He allowed a few moments for this to sink in and then asked: "Do you know why I wish that?"

For a moment or two there was silence and then a child's voice from the back of the room was heard to say: "Cos, you've forgot all you ever knowed."

A PRINCIPLE AT STAKE

The Drumheller Board of School Trustees last week considered a resolution designed to exclude the press from town from attending its regular school meetings. There was considerable friendly discussion over the resolution which, however, was not adopted, and the situation will remain the same as before, for a time at least.

The mere fact that such a resolution was introduced leads one to the conclusion that the Drumheller school board must have a motive in attempting to conceal its light under the proverbial bushel. Whether there is the slightest justification for such a move is, however, to be doubted.

Public bodies and public servants how very bad taste in attempting to muzzle the press when it attempts to report their meetings or general policy. If the press were to refrain from keeping the public informed regarding the activities of such persons or groups, it can readily be conceived that there might soon develop an utter disregard for that public body which is the duty of the press to keep the ratepayers informed of what their servants are doing, and the press can not discharge this duty unless it is given the freedom of such meetings as may be held.

There are times, however, when discussion may develop at the meeting of a council or school board which would be better left unreported. If, in a meeting of a school board, such a situation might arise, the board has the alternative of going into committee of the whole, when the press may be refused admittance. In such case, the board can take no definite action, but the frank discussion of any problem may be carried on.

As a rule, there can be no justification for even such a policy as the above. Newspapers do not make a practice of reporting matters which

are better left unreported. Discretion in such instances is a virtue to be found in a newspaper editor more frequently than not, and public servants would be better advised to appeal to this discretionary side of a newspaper than to arbitrarily attempt to refuse him admission to the meeting place.

The Drumheller school board's attempt to muzzle its press is entirely at variance with present-day principle, and it is doubtful whether it will get very far in steering such a course.—Hanna Herald.

Full Speed

McGuinness had been posted to keep guard over the entrance to a road which led to an old and unsafe bridge. Presently a car came along and he held up his hand.

"What's the matter?" growled the driver.

At that moment McGuinness recognized him as the country magistrate.

"Oh, it's yourself, yer Honor," he said genially.

"Yes it is!" was the snappy answer.

"This all right, then," said Mac, as he stepped politely out of the way. "I got orders to let no traffic through because of the rotten bridge, but seein' it's you, yer Honor, 'tis a pleasure—go right ahead, sir!"

Next Year

Mother: "No, Willie, I don't care what you father says, you are not going to fly to Paris tonight!"

"Did you present your account to the defendant?" inquired a lawyer of his client.

"I did."

"And what did he do?"

"He told me to go to the devil."

"And what did you do then?"

"Why, I came to you."

ANOTHER BLOW

The Retail Merchants' Association has aimed another blow at the mail order house which many a town and village merchant hopes will be successful. In a letter to the Hon. G. Howard Ferguson, premier of Ontario, the association asks that the taxing of mail order business be brought up at the conference of provincial premiers at Ottawa on November 9.

"During the past few years," says the letter, "a system of merchandising has been developed in Canada which has a tendency to centralize business in the larger centres, known as the sale by mail order. This system has been developed in order to eliminate the operating costs in the various communities with the result that in many districts merchants have been forced to discontinue their business with a corresponding loss of service and investment to that community in which they are located. The firms who are conducting a mail order business employ large amounts of capital and are out to declare dividends for their shareholders which are used in places other than those from which the money is first obtained. There can be no doubt that mail order competition is having a very detrimental effect not only to the community life of the rural districts, but to general business conditions throughout the country."—High River Times.

This joke was pulled on the Bellevue duck hunters referred to in these columns last week:

"Having duck for dinner today, eh? What kind?"

"Decoy, of course!"

Wife: "Have you seen my lipstick anywhere?"

Husband (looking at her): "You've got it on."

New Home For Canada's Oldest University

Out Shows Assembly of King's College Buildings. Inset: His Excellency, Viscount Willington, Governor General of Canada.

After 137 years of higher educational work in Nova Scotia, King's College, Canada's oldest university, is to have a new home. The above drawing shows the proposed buildings, which will resemble in character Oxford University, to be built as soon as the present campaign has attained its desired objective.

King's University stands as the only real monument in Nova Scotia to the United Empire Loyalist pioneers. In 1789 the U. E. L.'s who had come to the Dominion from New York planted an "acorn" in the establishment at Windsor, Nova Scotia, of King's College. Full University powers were granted in 1802 by Royal Charter, which was the first one received outside of the British Isles. From a dream in the

mind of those pioneer Loyalists King's has reached a recognized and honored place in the Dominion. Many famous Canadians have been Kingmen. Sir James Cockburn, Sir Frederick Borden, Judge Thomas Chandler Haliburton (Sam Slick), Basil King, Rev. H. A. Coffey, and Canon Allan P. Shatford, are a few of King's products.

In 1923 King's took the first step towards a confederation of Maritime Colleges; the College was removed to Halifax and became associated with Dalhousie University.

A year ago King's launched a campaign for \$500,000, having received a promise from the Carnegie Corporation of \$600,000 conditional upon the raising of the first amount. Up to date the total pledged in the

Maritime Provinces, Ontario, Quebec and England is \$340,000, and only \$160,000 more is needed. His Excellency, Viscount Willington, Governor-General of Canada, has accepted the office of Patron of the Rebuilding and Endowment Fund.

A Good Deed

It was our pleasure, says a writer in a New York paper, to meet with the Boy Scout spirit, fully matured, aboard a Long Island train recently. At one of the stations the gentleman seated in front of us accidentally dropped a glove on the winter just as the train started to move out. Without a moment's hesitation he tossed the other one after it. Moved by curiosity, we dropped all reserve to ask him why he had done so. He courteously explained that the one glove that remained would have done him no good; nor would the last glove have done the finder any good. This being the case, he had tossed out the other, so that the finder might have a complete set.

The viewpoint and line of conduct of this man, plain well-served as an object lesson to many, adding contentment in their own lives and conferring benefits on others. The average person, it is to be feared, would have grabbed and bemoaned his loss, small though it be, and generally made himself and possibly others miserable for a time, and all to no end. But the hero of this little incident, which might have passed unobserved, enjoyed a brighter outlook on life and a finer conception of things generally. He had sustained a loss which, under the circumstances existing, could not be restored. He realized on the instant that he must accept that loss. His immediate thought was as to how his loss could be turned to somebody's gain.

If in family and community life and activities the spirit displayed by this unknown man became the inspiration of one thousand and the guiding motto of our actions, how much happier this old world would become. What contentment of spirit and real joy in living would be experienced by those who adopted and followed such a policy of unselfishness, resulting in an inner gain of satisfaction far outweighing the outward and material loss sustained.

Such a spirit and code of conduct costs nothing, and which is more satisfactory to all concerned, that usually is followed in which a loser determines that if he must lose, or has lost, he will at least receive the satisfaction, poor though it be, that nobody shall be the gainer thereby.

There are people no doubt who are inclined to belittle and scoff at the insistence with which members of the Boy Scout organization are taught to be watchful for opportunities for helping others in order that they may do at least one good turn a day. But if such people would strive for just one week to emulate these Scouts and do good turns to others, they would quickly discover a new richness and joy in their own lives while at the same time happiness and gain would be conferred on others.

The people of Canada have just observed a day of National Thanksgiving and in a few weeks all Christendom will be joyously celebrating the happiest day in all the year, Christmas. Many may have sustained losses and suffered defeats in the months that are passed without making the slightest effort to extract such profit as they could from their loss and without turning defeat into ultimate victory. Possibly they are still bemoaning the sad fate which overtook them, feeling sorry for themselves, and declaring that luck is against them, such an attitude will avail nothing; it merely makes for further discontent, discouragement, and additional failure and loss. Such an attitude is taking the joy out of their own future lives and making for unhappiness and misery for others.

Let the dead bury its dead. Forget your losses and disappointments except as they can be capitalized to realize future gains, if not for yourself, then for somebody else. In the long run this will mean gain for you.

Decorate Nelson Monument

Custodian Observed On Anniversary of Historic Victory

On the anniversary of the Battle of Trafalgar, the monument to Lord Nelson in Trafalgar Square, as is customary on this date, was bedecked with bunting. Nowadays the monument has become a sort of cenotaph for wreaths placed there to honor the gallant buried beneath the waves in the Great War.

Nelson's flagship Victory, which is now permanently dry-docked at Portsmouth, still is undergoing restoration. Her topmasts and spars have not yet been replaced, so Nelson's famous signal, "England expects that every man will do his duty," flow from the nearby signaling school.

At the dinner given by the Navy League Earl Beatty, former Admiral of the fleet and First Sea Lord, proposed a toast to "The Immortal Memory of Lord Nelson." Earl Beatty was supported in the toast by the oldest living admiral, the Hon. Sir Edmund Robert Fremantle, who is in his 92nd year.

For all pains—Minard's Liniment.

Japan has ordered 500 airplanes of the type Lindbergh flies, but ordering 200 Lindberghs is another matter.

Does Ill Health Detract from Your Good Looks?

Hamilton, Ont.—"I was in a rundown state of health, my nerves were bad and I suffered from back aches and pains in my side, which would be so severe that I would get weak and tired and I could not get out of bed without being distressed. Upon the advice of a relative I started to take Dr. Pierce's Food-Plant Prescriptions and it relieved me of all my distress, and I do not suffer in any way from any of the above conditions. I have a good appetite and my nerves are in splendid condition. I am strong and healthy in every way."

Sold by druggists, chemists and grocers. Send 10¢ for trial pack, tablets to Dr. Pierce's Laboratory, Bridgeburg, Ont.

Fokker Forces Millions Of Planes

Aviation Is Great Factor For Peace Says Designer and Builder

A million or more planes blackening the sky over America, from river planes, in which the young man can take his sweetheart for a ride in a dual control side-by-side cockpit, to giant multimotored air transports, were pictured by Anthony H. G. Fokker, at a luncheon of the Netherlands Chamber of Commerce of New York.

Mr. Fokker said the development of commercial flying was closely linked with military aviation and that the nations of Europe had realized this. The subsidies granted to air transport lines in Europe for commercial purposes, he said, were part of the general preparation plan for future wars whereby pilots would be trained and fields, hangars and workshops provided for future military use.

"Aviation is the cheapest and most efficient method for killing people," Mr. Fokker said. "In a city like New York bombing planes loaded with gas bombs could destroy a nation's power absolutely without fail. So important will aviation be as an offensive weapon in another war and so great is the range of planes that the safest place for men will be the front line trenches."

The designer suggested that aviation was a factor for peace by its very deadliness as a potential weapon of offense.

"Men are not so likely to start a war or to help keep one going," he said, "when they realize that wherever they find safety for themselves. The man who stays away from the front to manufacture shells and guns on war contracts will be in more danger than the man at the front."

On Ladies' Toes

Are Sore Corns

Quick safe relief is almost instantaneous if you apply Putnam's Corn Extractor shoes won't pinch or hurt any more. One single drop of Putnam's stops the pain. A few applications make the corn dry up and fall off. Putnam's Corn Extractor gives satisfaction. Thousands use it every day. Get a bottle from your druggist. Refuse a substitute for Putnam's.

Weathered Four Decades

Early Day Traction Engine Is Still in Working Order

After having lain discarded on the edge of a grain field near Stevenson, Wash., for forty years an early-day traction engine was stumbled upon recently and found equal to its task. The engine is an old H.P. type and with other farm machinery came from a factory at Leeds, England, in 1886.

The farmer who first owned the ponderous machine failed to make a wheelbarrow and abandoned the engine. For some reason the engine was never tampered with and weathered the four decades without injury. As a useful article the old-time engine is still, for it burns wood and uses axle grease in the bearings.

An Oil That Is Famous—Though Canada was not the birthplace of Dr. Thomas' Electric Oil, it is the home of that famous compound. From here its good name was spread to Central and South America, the West Indies, Australia and New Zealand. That is, far ahead enough to attract its excellence, for in all these countries it is on sale and in demand.

Treasured At Buckingham Palace Anne Boleyn's clock, a gift from Henry VIII. on her wedding day, is being cleaned and given a general overhauling the first time in many years. The clock, but ten inches in height, is now one of the treasures of Buckingham Palace. It formerly belonged to Horace Walpole, and when his effects were sold Queen Victoria bought the timepiece for £110.

An electric treadmill for exercising dogs has been invented in England.

The Least Excitement Made Her Heart Palpitate and Flutter

Mrs. Ambrose Orser, Elginburg, Ont., writes: "I suffered for a long time with a bad heart which seemed to be controlled by my nerves. The least little excitement would cause my heart to palpitate, and at times I would have real bad spells. I suffered in this way for some time when, one day, I saw

advertisements, as I had only taken a few boxes when I noticed that I felt better, so I continued taking them and in a short time my heart felt entirely different.

Price 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

OUT OF Zam-Buk

made ended in death. So a recent Canadian investigation showed. These were not cases of infectious disease—of consumption—of typhoid! They were cases where a person had sustained some slight injury—a cut, a burn, a wire-prick and where the wound, being thought not serious enough for careful treatment, had been neglected. Blood-poisoning and death resulted.

When you or your children sustain any injury, ensure against infection by applying Zam-Buk. This balm soothes the pain, stops bleeding, and by destroying all germs prevents blood-poisoning, etc. Hence no time need be lost from work or pleasure by those who use Zam-Buk. All dealers, see box.

Zam-Buk

Has Suitable Airport

Edmonton All Ready For Moth Planes Promised By Government

Increasing interest in being manifest throughout the country in the project sponsored by the Department of National Defence regarding light-aeroplane clubs, and it was stated at Ottawa by departmental officers that two queries had been received formally requiring the Government to fulfil its part of the scheme by shipping the two Moth planes promised under the provisions of the plan.

Edmonton, Alta., which has already a suitable airport, wired the department declaring that the city's application was in the mail, and seeking Government action. A number of prominent Albertans are behind the Edmonton club and their request will be fulfilled as soon as the planes are available.

The Edmonton clubmen declare that all the requirements of the Government in connection with the export manufacture of the present planes and the like are being met.

Flying men in Montreal have also approached the department with regard to the matter, and it is likely that other cities will shortly follow suit.

Worms cause fretfulness and rob the infant of sleep, the great nourisher. Mother Graces' Worm Expeller will clear the stomach and intestines and restore healthfulness.

Canada Will Redeem Loans

Thirty-Seven Millions Will Soon Be Taken Off Market

Thirty-seven millions in Dominion loans will be taken off the market and redeemed from revenue on December 1. Of this, twenty-nine millions consist of 5½ per cent. five year Victory renewal loan. The remaining eight per cent. per annum.

Sixty-three millions in 5½ per cent. Victory loans also fall due on December 1. The present plan is to meet as much of this as possible from revenues and to issue a refunding loan for the balance. Actual steps to be taken will depend, however, on income revenues during the next month. In any event, it is expected that the refunding will result in a saving in interest charges of at least one per cent. per annum.

First Commercial Plane Reaches Yukon

Will Be Used Principally For Exploration and Prospecting

Lt. A. D. Cruikshank made a pretty landing recently on the aviation field at White Horse, Yukon Territory with the monoplane Queen of the Yukon, which made the trip from Skagway in a few minutes over the hour. This is the first plane brought in by the Yukon Airways and Exploration Company, organized for the purpose of freight, mail and passenger business, but more particularly for exploration and prospecting in the more inaccessible parts of the territory.

White Horse will be the base of the company's operations. The plane has been taken from Vancouver to Skagway by steamer.

Most Northernly Post The Canadian Government post at Deception Peninsula on the east coast of Ellesmere Island in the Arctic, is the most northernly police post, post office and custom house in the world. It is 755 miles (565 nautical miles) from the North Pole.

Sunday Island in the Pacific is said to be the tallest mountain in the world, as it rises 2,000 feet out of 5 miles of water, making its height nearly 29,000 feet.

Tells Why Germany Failed

Ex-Kaiser Says People Did Not Suffer Enough

In an interview with George Sylvester Viereck, printed in Liberty, Wilhelm Hohenzollern, formerly German war-lord, tells why Germany lost the war:

"Because we did not obey God in all things; because we hesitated to bear the worst; because we refused in the end to face all risks in preserving faith! The German people performed miracles of endurance, but at the last they failed. The supreme miracle can be accomplished only by faith. We should have fought to the very last carrot, the very last man, the very last round of ammunition."

The ex-emperor is a pretty one to talk about fighting to the last carrot! The German people had indeed performed "miracles of endurance." They had survived over their losses and numbered their black bread patiently enough. It was their leader, their emperor-king, who by his midnight departure for Holland set them the example of submission to stern fate.

Without had plenty of carrots. He had cayenne and champagne. He had abundance while his people, starved. He had millions in the midst of beggary. He had six tall sons, carefully protected during a time when grass grew green on many new graves. For him, now, to blame the German people for "hesitating to bear the worst," for "refusing in the end to face all risks," is, perhaps, no more indecent than might have been expected—New York World.

Aviation Activity

Aircraft Factory Of Vickers, Limited.

To be enlarged. Greater aviation activity in Canada is resulting in increased business for the aircraft factory of Vickers, Limited, Montreal, and it is now proposed to extend the present plant by the erection of another building, though only last autumn a new shop was added. There are now 23 machines in course of construction or on order, 12 of these being Avro aeroplanes ordered by the Canadian Government.

No surgical operation is necessary in removing corns if Holloway's Corn Remover be used.

Proud Of Waiter's Job

Has Given Him Self-Respect Says Russian Nobleman

A six-footer of aristocratic mien at the Waldorf, New York, also distinguished by a spike-tailed coat with gold braid, has identified himself as William Schuch de Witte, famous sculler under the Czar. He is now a floor waiter, having worked up in six months from kitchen boy. Proud of his job, he says: "I have more self-respect than when I was playing bridge or attending tea parties in New York City." He kept his incognito until recognized by a woman guest of the hotel whom he had met socially, he says.

It's no trouble at all to find trouble.

Clever Deaf Children

Band Of Twelve In Wisconsin School Give Concert

A band of twelve small totally deaf children, who devote their entire energy to producing a perfect rhythm and ignore the matter of melody, has been organized in the Wisconsin School for the Deaf and is the culmination of an interesting experiment in instruction.

The children recently gave a concert in which they played a march, a dance, and a lullaby with three cymbals, one set of jingle bells, one drum, two tambourines, two triangles, and three miniature xylophones.

Requisite On the Farm.—Every farmer and stock-raiser should keep a supply of Dr. Thomas' Electric Oil on hand, not only as a ready remedy for ills in the family, but because it is a horse and cattle medicine of great potency. As a substitute for sweet oil for horses and cattle affected by colic it far surpasses anything that can be administered.

Gushing Lady—Oh, Mr. Joneau, we are collecting funds, to help the start and leathorn. May I put your name on the stealer list?

Doris—"Does your husband mind the baby when he's home?"

Dorothy—"Yes, and so does everybody else."

Fish rise and fall in the water by means of an air bladder inside them.

THE PASS FIFTEEN YEARS AGO

(The Blaimore Enterprise, 1912)

October 17.—The town council has been invited by the town council of Macleod to send a delegation to the Frontier Days celebration and reception at Macleod.

At the meeting of the town council on Monday night, the chief of police reported having during the past three-quarters of the year prosecuted no less than 79 cases, in which he secured 77 convictions.

The marriage of Miss Henrietta Kerr, second daughter of Mr. and Mrs. J. H. Kerr, to Samuel M. Baird was solemnized by Rev. J. F. Hunter on Monday night.

The site for the new cement plant for the Keystone Cement Co. has been chosen. The location will be in the gap at the east end of town. The capital of the new company is \$700,000.

Ernest Hinds returned last week end from a visit to Stillwater, Minnesota.

Rev. Father Sammut attended the meeting of liquor license commissioners at Lethbridge, to oppose the granting of a second wholesale license to Blaimore.

A special Great Northern train of sixteen cars, drawn by a double-header and conveying some seven hundred immigrants, passed west through the Crows' Nest Pass on Saturday evening.

Mike Rosse has returned from Macleod, where he represented the wild life of this district at the reception tendered the Duke and Duchess of Connaught.

Word was received in Blaimore on Tuesday of the serious illness at Ladysmith, B.C., of Mr. John Smith, father of John Gaskill Smith, until recently a member of the Blaimore town council.

Frank J. Smith and J. O. Jones, of Hillcrest, were guests at luncheon with their royal highnesses the Duke and Duchess of Connaught at Lethbridge on Thursday.

Mr. Sturten Marshall has been appointed to succeed Mr. Warn as secretary-treasurer of the Hillcrest school district. Mr. Marshall, in the intervals between causing the C.P.R. and presiding over his Sunday school of the Latter Day Saints in his tabernacle at the foot of the tipple, has been busy sending out notices to all property holders to come and stump up.

C. B. Gordon, the millionaire president of the Hillcrest Collieries Limited, in company with J. M. Mackie, the managing director, both of Montreal, were in Hillcrest last week.

October 24.—The following composition was written yesterday by a pupil of the Blaimore school: "A schoolmarm is a verb, because it denotes action when you throw paper wads at the girls. Switch is a conjunction and is used to conduct the verb schoolmarm to the noun boy. This is a compound sentence, of which boy is the subject and switch is the object. First person, singular number, and awful case. A schoolmarm is different from a boy. A boy wears pants and a schoolmarm wears hair painted all over her forehead. She puts paint on her face and some big fellows come and take her home, where she ought to be. Ma says a schoolmarm never gets to be older than eighteen until she get married. It takes two schoolmarms a day to cook a little dinner."

Mar Poy left this morning on an extended visit to his old home in Hong Kong, China. Poy has been in Canada for over twenty years and is very highly respected.

Miss K. B. Darrach returns to Blaimore this week end from Prince Edward Island, whither she had accompanied the remains of her brother, who died in Calgary.

Mr. Derrett, of Pincher Creek, was a visitor to The Enterprise Sanctum this week. Mr. Derrett is editor of the Pincher Creek Echo.

Regimental Piping Awards Announced

1. Inter-Regimental Trophy presented by R. W. Beatty, president of the Canadian Pacific Railway. 2. Lt. Charles Dunlop, winner of the trophy. 3. Piper Neil Sutherland, winner of second trophy.

As a question of military status was involved in the regimental band competition at the Banff Highland Gathering in September, the final decision as to the holders of the trophies was referred by mutual consent to the Minister of National Defence, under whose authority the competition was held. The decision has just been given by Major-General Thacker, Chief of General Staff, to the effect that the trophy given by Mr. E. W. Beatty, chairman and president of the Canadian Pacific Railway, as originally offered to pipers from Highland Regiments, be awarded to Lieutenant Charles Dunlop, D.C.M.—Argyle and Sutherland Highlanders of Canada, Hamilton, Ontario—this being accompanied by a cash prize of \$100.00. Under this

rule, Pipe-Major McPherson, of the Toronto Scottish Regiment, ranks for second prize of \$50.00 and Pipe-Sergeant Hugh McKeith, of the Calgary Highlanders, for third prize of \$25.00. Piper Neil Sutherland, of the Twelfth Signal Battalion, Canadian Corps of Signals, Regina, is awarded the first place in the competition for a trophy of equivalent value as Champion Pipe Player, Canadian Militia, the trophy to be held by the contestant who wins it in trophy remaining the property of the unit to which the winner belongs. Neil Sutherland receives \$100.00 cash as winner. Second in this competition is Pipe-Major James Hamilton, of the Canadian Fusiliers, London, Ontario, who receives a substantial cash prize.

Here and There

In accordance with its new policy the Department of Health at Ottawa has appointed twenty physicians as inspectors of immigrants in European cities. They are to report for duty at once.

Manager D. McNair, of the Associated Growers of Western Canada, end of last week 100 cars of "Mac" (Macintosh Red apples) left the Okanagan Valley for New York and that 50 cars of Jonathans will move out to Sweden, South Africa, Great Britain and New Zealand.

The Canadian Pacific Railway is again offering a prize of \$100.00 to the Canadian showing the best spring wheat at the International Hay and Grain Show in Chicago, which was announced at the offices of the agricultural department of the company. The show will be held in November.

The grand total of Canadian trade for the twelve months ended August was \$2,331,000,000, as compared with \$2,314,000,000 for the year before. Import figures are up and exports down; the former being \$1,085,000,000, as compared with \$987,000,000 the year before and exports \$1,246,000,000, as against \$1,337,000,000.

A boom in muskrat farming is on the horizon in Western Canada. Following the acceptance by the Provincial Governments of the Prairie Provinces of the Dominion Government's offer to turn over swamp lands to them for leases to residents for purposes of muskrat farming, there has been a deluge of applications. Alberta has had 200 of them and Saskatchewan over 500.

British Columbia is capable of producing all the bulbs, flowers, fruit trees, ornamental trees and seeds that the Canadian people can use, it is claimed by authorities here. Millions of dollars each year go out of Canada for nursery stock that could be raised in this province and delivered to the buyers several weeks earlier than it could be imported from overseas.

Boys and girls resident in Manitoba, Saskatchewan and Alberta are now engaged in a series of hog-judging contests in which the Canadian Pacific Railway is offering a trophy to the winning teams of each province, in addition to which the six winners will be taken to Toronto, to the Royal Winter Fair (Nov. 16th to 24th), as guests of the railway.

"More settlers are coming from the United States to make homes in Canada than in any year since 1920," said J. R. Ryan recently in Winnipeg, travelling colonization agent from the St. Paul office of the Canadian Pacific Railway. "Personally," he said, "I have brought 70 families this season and have every reason to believe that the total will be well over 100 before the end of the year. All the settlers have money—some very well supplied."

Prof. Kuwert Wallace, commissioner of Manitoba mines, told the Canadian Society at its weekly luncheon in Winnipeg recently, that mining developments such as had never been equalled in the history of Manitoba were likely to feature the next six months. Mining, he said, had to be looked upon as a business proposition. It so happened in this country that mines are found in places to which access was not easy and no railroad could be expected to lay tracks into the north country until it knew prospects there.

A local teacher asked her class what the royal mint was. After a short silence a small boy replied: "What the king puts on his new potatoes."

Here and There

What is considered the largest grizzly shot in the Canadian Rockies this season was taken by Miss A. Van Vleet, daughter of Ernest Van Vleet, prominent New York architect who headed a hunting party into the Selkirk district. The party went in north of Revelstoke.

An amount of grain greatly in excess of the entire production of western Canada in the year 1887, 4,454,000 bushels, were loaded on elevators over Canadian Pacific lines in one city in the west during the middle of October. This constituted a record haul of grain for this railway company.

The second shipment of horses from Canada to Russia was a record shipment, according to Louis Kon, Soviet representative, there being only one horse that died during the passage. The next shipment is expected to go forward in November, and that will bring the total number up to 3,300.

G. N. Torgren, ex-M.P. for Sweden, recently left for the Peace River Country in order to locate suitable farm land for the establishing of a large colony of Swedish farmers, who are said to be in a position to undertake farming on an extensive scale. He has already canvassed Mexico and the Southwestern States, which he finds unsuitable.

The new Canadian Pacific Railway elevator at Midland has begun to receive grain, and shortly all the construction work will be complete and all departments of the plant in operation. The opening of this elevator marks the extension of Canadian Pacific enterprise to another port on the Great Lakes and a new factor in retaining a greater proportion of the Canadian export grain trade for Canadian ports.

The largest party of major league baseball stars to hunt moose in New Brunswick entered the woods for a two-weeks stay after the World Series. The party entered at Glendon on the Canadian Pacific main line and included Benny Bengough, Mark Koenig, Eddie Collins, Joe Bush, Sam Jones, Fred Hoffman. A number of newspaper writers and cameramen were included in the party.

The two new Canadian Pacific passenger ships, "Duchess of Athol" and "Duchess of Bedford," now being built for the St. Lawrence route (Liverpool to Montreal), will be two of the finest vessels afloat, according to plans and specifications. Their gross tonnage will register 20,000. They will be twin screw with geared turbine engines. They will have a length of 596 feet, a breadth of 76 feet and a speed of 17½ knots. Both ships will have accommodations for 572 cabin, 480 tourist third class and 508 third class passengers.

The initial consignment this year of Canadian apples for Great Britain, has gone forward on the Canadian Pacific liner "Montrose" from Montreal. They are consigned by the Fruit Branch of the Dominion Department of Agriculture from the Province of Ontario and consist of forty standard boxes containing about 4,000 apples to be put on exhibition at the Imperial Fruit Show scheduled to be held at Manchester this month. Varieties include Golden Russet, McIntosh, Spies, Greenings, Star, Talisman Sweet, Wolf River, Grae Pippin and Baxter. On the same vessel are 25 cases of vegetables also for exhibition in England.

Mr. McCapellan, representing the Winchester Arms Co., Vancouver, was in the Pass this week. Mr. "Cap" was a former resident of Calgary.

BLAIRMORE UNITED CHURCH
Rev. J. W. Smith, Pastor

Serve the Church that the Church may serve you.

Services for Sunday, November 20, the Pastor in charge—
No morning or afternoon school in the church.

The Children's Day Rally Services will be held in the opera house, afternoon and evening only, at 2.30 and 7.30. All Sunday school scholars are requested to be in their places by 2 o'clock, doors open at 1.30 and 6.45. The public are especially invited to these Rally Services. A great effort has been made to make this day a memorable one, both for the scholars and parents alike. A mixed choir, consisting of the two schools and the Senior Choir, will lead the service of praise. Indeed, both services will be largely musical. An appropriate message will be given by the pastor, Mr. Smith, at both services. A liberal offering at both services is asked for the Rally Day Fund. There are nearly 1,000,000 young Canadians in the Sunday schools and young people's societies; 15,000 in leadership training schools and classes; 50,000 in institutes, conventions, etc., and 100,000 is the total number of teachers, officers and young people's workers to be reached with effective leadership plans. The board of religious education of the United Church of Canada is able to carry on its programme of work in religious education because of your gifts to the maintenance and extension fund.

MONDAY, the Young People's Society will be the guests of the Hillcrest Y.P., at Hillcrest. All members meet at the Manse. The bus leaves at 7 p.m.

TUESDAY—No Y.P. meeting.
WEDNESDAY, 7.30, Church Night. This mid-week service is becoming a great spiritual power in the life and work of the church. Be sure you are sharing in the spiritual uplift of this quiet hour.

Gordon Lapp, field secretary of the Boys' Work Board of Alberta, who attended the Religious Institute here on Saturday last, stayed over Sunday and Monday and held a meeting for the various boys' groups in the district. On Monday evening he held a mass meeting for Bellevue, Blaimore, Hillcrest and Coleman in the mission hall here and a large representation of these groups attended in spite of the rough weather.

Bills are posted, announcing a grand masquerade ball to be held in the Moose Hall on the night of December 7th under the auspices of Blaimore Chapter of the Women of Mooseheart Legion. Mrs. Altematt's orchestra will provide music. Prizes will be awarded for best dressed lady and gent, best comics and most original lady and gent.

The picking of blueberry and huckleberry leaves and drying them for the United States markets is becoming quite an industry in Nova Scotia, centering around Yarmouth county. Last year one hundred tons were shipped from there to Boston, and this year the demand is for double that amount. The leaves are used for medicinal purposes.

Speed limits for motor vehicles on English roads will soon be increased to 40 and 50 miles an hour, in order to prevent road congestion, such as is common in America, according to Sir Charles Marston, of New York. "Englishmen may be generally slow," he said, "but they are decidedly faster than Americans when it comes to driving automobiles and moving lawns."

The members of the Women of Mooseheart Legion lodge regret that another organization has chosen Wednesday, November the 30th for the purpose of a what drive, that night being set apart for some time by the Legion, as their plan is to hold regular what drives of their season's series on the last Wednesday of each month. The drive on the night of the 30th will be the third of the series.

C. Emerson, of the Bellevue Hardware & Furniture store, hopes to move into his new premises shortly.

We are glad to report that little "Tess" McVey, who has been seriously ill, is fast recovering.

Manufacturing In The West

The general impression of the prairie provinces of Canada hold through out the Eastern provinces and in other countries is that they are almost purely agricultural. Manufacturing is practically negligible, and where carried on, is on a small scale and local in character. No doubt many Western people if asked for information on the subject would express much the same opinion. Nor would such a view have been very wide of the mark a comparatively few years ago.

Within recent years, however, a marked change has taken place, and manufacturing along many lines is now an important feature of Western activity. Not only is this the case but development along industrial lines is proceeding at a pace which is a surprise to people who take the trouble to investigate. The extent and rapidity of this growth is only realized when actual official statistics are studied and comparisons made from year to year.

The gathering and compilation of statistics of this kind is slow and laborious work, and considerable time must of necessity elapse before all returns from many industries are obtained and classified. Latest available figures, therefore, are always for a period of one or two years back. Recently the Dominion Bureau of Statistics issued a report on the manufacturing industries of the prairie provinces for the calendar year 1925, comparing them with the figures for 1924. The growth indicated in this twelve month period is quite remarkable and most encouraging.

For the year 1925 the number of manufacturing industries reporting was practically the same as for 1924, but the gratifying fact is disclosed that these industries substantially increased their capital, employed many more workers, largely increased their wage bills, utilized larger quantities of materials, produced many more millions of dollars worth of goods of all kinds, and operated on a much more profitable basis.

Capital invested in manufacturing industries in Manitoba, Saskatchewan and Alberta increased by \$14,000,000 during 1925, and at the end of that year amounted to \$221,775,000.

The number of employees increased by over 6,000 during the year with the result that no less than 27,178 people are now engaged in some form of manufacturing industry on the prairies. To these 27,178 people salaries and wages were paid aggregating \$42,837,000, or nearly eight million dollars more than in the preceding year.

Materials used by the several industries during 1925 had a value of \$141,892,000, or an increase of over \$21,500,000 over the preceding year.

Through the application of labor and the use of these materials, goods having a gross value of \$239,352,000 were produced, or an increase of \$35,541,000 over 1924. In other words, the prairie provinces in 1925 turned out on the average twenty million dollars worth of manufactured goods per month, or three million dollars per month more than in the preceding year. The net value of 1925 production was \$97,455,000, or \$14,000,000 greater than in 1924.

Analyzing these figures to some extent, it will be seen that manufacturing industry in the west, after paying \$21,500,000 more for materials, and \$4,800,000 more in salaries and wages, increased the net value of production in the one year by an amount equal to the total increase in the amount of capital invested. Certainly a most encouraging showing.

Those who are familiar with western conditions, and the decided improvement which has taken place within the last two years, know that the growth in western industry disclosed by these figures between 1924 and 1925 has been further accelerated between 1925 and 1927. Recent water power and other developments in all three prairie provinces, and the decided increase in interest both at home and abroad, in the natural resources of the West, give confidence that in a few years more the industrial activities of the prairies will be a factor of importance in the economic life of the whole Dominion.

Carrier Pigeon Valuable In War

Is Still Considered Important Factor Despite Changing Methods

Changing methods of warfare are continually passing in review before the United States war department. One very old-fashioned means of war-time communications, the carrier pigeon, continues to be a considered factor.

"Its usefulness as a carrier of dispatches," says Frederick G. Lincoln of the United States biological survey, "ensures it a prominent place among communication methods that will be employed by the armies of the future. Although limited to one way communication the birds used in the world war made a record of efficiency between 97 and 98 per cent, surpassing all other methods for the transmission of any army information under battle conditions."

The most famous war pigeon was Cher Ami, which, released with a message October 21, 1918, at 2:35 p.m., during an intense machine-gun and artillery action, delivered its messages 40 kilometers away in 25 minutes. One leg had been shattered and the bird's breast pierced by a bullet. This bird is now mounted and preserved in the national museum.

Removes Touchy Corns, Brings Solid Comfort

Acts like magic—takes out all the pain—makes aching corns feel comfy in a few seconds. That's how Putnam's Corn Extract acts. You will not be disappointed with "Putnam's"—it never fails to lift out corns, or remove painful calluses. Get a small tin of "Putnam's" from your druggist. Refuse a substitute.

Cut In Canada's Debt

Has Been Reduced \$70,500,000 In Seven Months Ending October 31

Canada's net debt dropped \$70,500,000 during the seven months of the fiscal year ending October 31. In the same period, when compared with the corresponding seven months of last year, total revenues of the Dominion increased nearly 30 million.

Of the twenty millions less were in greater revenue from taxes. Customs duties are up eight millions; income taxes, six millions; revenue from excise duties is up five millions, but revenue from land sales (sales, stamps, etc.) is down five millions.

TONE UP THE BLOOD AND NERVES NOW

Dr. Williams' Pink Pills Have

No Equal For This Purpose

Anemia, or lack of good blood causes not only pale faces and white lips; it is the root of many pains and miseries. It is the cause of shattered nerves, headaches and backaches, and the always tired feeling from which so many women and girls suffer. To regain new health and strength the blood should be enriched through the tonic treatment with Dr. Williams' Pink Pills. This medicine has brought new health and strength to thousands of weak and discouraged people.

Among those who have found new health through the use of this medicine is Mrs. Gregory J. M. May, of Ship Harbor, N.S., who says: "I bless the day I heard of Dr. Williams' Pink Pills. Before I began their use I was in a run-down and very weak condition. The least exertion would leave me breathless, and tired out. Housework was a trial, and at times I felt very dependent. A friend advised me to try Dr. Williams' Pink Pills and I got six boxes. I had not been taking the pills very long until I began to improve in health, and continuing their use they restored me to my former good health. I also gave the pills to my daughter, who was anemic and run-down, with the same good results. Now I always have the pills in the house, and would not like to be without them."

Get a box of Dr. Williams' Pink Pills from your druggist today, or send 50 cents to The Dr. Williams' Medicine Co., Brockville, Ont., and a box will be sent you post paid. A little book, "Building Up the Blood," which explains the treatment, will be sent free on request.

London's pigeons, so long regarded as one of the "night" of the metropolis, are now so numerous that they are becoming a nuisance. They are estimated to number over 4,000.

Queer Tribe Of Africa

Bailas Have Custom Of Knocking Out Their Front Teeth

Yet another African tribe which is interesting because of its peculiar customs is in the public eye. This is the Baila tribe. The Bailas gave considerable trouble before they came under British administration. In 1888

Selous, the famous hunter-explorer, had difficulties with them, and the story goes that he escaped to a more friendly tribe clad only in his shirt. Though the custom is beginning to die out it is a very ancient fashion of the Baila to knock out all their front teeth. For this reason Bailas

presents unique phonetic peculiarities. The half of the men of the tribe is always worked up into a come about six inches high at the back of the head, and then studded with brass-headed nails. Sometimes this is extended by a stick to the length of four feet.

To safeguard the child from dangers that worms cause, the Milder's Worm Powders, the medicine par excellence for children. These powders will clear the system entirely of worms, will regulate and stimulate the organs injuriously affected by the worms, and will encourage healthy operation of the digestive processes. As a vermifuge it can be relied on for its effectiveness.

British Empire Stronger
Constitution More Effective Since Dominion Capitals Made Equal

"Since the last Imperial Conference the British Empire has been set up into a number of independent states; London no longer is the capital of the Empire; the Dominion capitals are absolutely equal," declared Prof. Alfred Zimmerman in an address at Kings College, Cambridge University.

"This perhaps is the biggest and bravest single surrender of power ever made by a government," Prof. Zimmerman continued. "Formerly speaking, the Empire has been disrupted, but this constitution experiment has given the Empire a far more effective constitution than ever before."

Prof. Zimmerman is assistant director to the League of Nations, Institute of Intellectual Co-operation, in Paris. He was connected with the political intelligence branch of the British foreign office 1913-19.

Have Abolished Death Penalty
The German province of Hesse has abolished the death penalty. Henceforth, when a Federal Court sentences any defendant in Hesse to death, the provincial minister of justice must commute the penalty to life imprisonment.

"Ratus, your dog seems to be in pain."

"No, such—he ain't in pain; he's just lazy."

"But he must be suffering or he wouldn't howl like that."

"Jes' plumb lazy; jes' laziness; he's settin' on a thistle."

The long-held belief that snake charming can cause snakes to leave their jungle haunts at the sound of music is a myth, according to the director of the Masteur Institute at Colombo, Ceylon.

All advertising in Constantinople except that in daily and weekly newspapers, has been taken over by the city, which will control it hereafter.

A new type of camera, with plates sensitive to light rays invisible to the human eye, can take pictures through cloud or fog.

The baneful tree of Australia, like a giant pineapple in appearance, is credited with power to entrap and crush anyone touching its leaves.

For all pains—Rheumatism's Liniment.

May Broadcast Storm Warnings From Greenland

Messages Could Be Sent To Ships Two Days In Advance

From the summits of "Greenland's icy mountains," weather prophets soon may be able to broadcast to the world warnings of coming storms which work havoc in the Atlantic ocean lanes and the temperate zones generally. This is the hope of Prof. William H. Hobbs, head of the University of Michigan scientific expedition who started for home aboard the Leviathan today after ten weeks studying the northern storms at the place of their beginning over the great ice gap of interior Greenland.

The expedition spent the summer at Kangerlussaduk fjord, within the Arctic circle.

"It is probably the longest fjord in the world and affords wonderful scenery on a majestic scale which has been seen by few white men," said Professor Hobbs.

The Hobbs expedition established three observation stations 100 miles apart, one of them being on the summit of Mount Evans. From the observations made at these stations it is planned to radio forecasts of coming storms over the north Atlantic 48 hours in advance of the storm arrival over the ocean lanes.

Selected members of the University of Michigan's expedition will winter in Greenland and will send out observation balloons with small lanterns for meteorological study. Two members of the party will spend the winter in a snow cave on the island free for the purpose of making observations.

Holloway's Corn Remover, and it can be used without danger or injury.

Declaring War On Narcotics
Working Fund Of Five Million Dollars Urged At Conference

Formation of a world narcotic defence association with a working fund of five million dollars, was urged at the first session of the conference of committees of the World Conference on Narcotic Education and the International Narcotic Educational Association at New York.

The association would be non-profit making and would have the power to utilize "all honorable means" to attain the mobilization of the resources and vitality of society everywhere against narcotic drug addiction and to acquire and maintain immunity from this universal race menace."

Two million dollars of the five million to be sought, Captain Hobson explained, would be used in hospital work; another two millions used in educational work, while the remaining million would be set aside for law activity.

New Terror For Criminals

Process Discovered For Making Permanent Finger Prints On Body

Brown fingerprints that appeared suddenly all over the back of a patient being treated with a certain solution of ultraviolet rays by Dr. M. A. Aronson, of New Jersey, caused much excitement.

They were Dr. Aronson's own marks, and apparently he has accidentally found a new process for the covering and making of permanent marks on the body.

A desired sign finger print on a body, a find of great importance in criminology.

By this new method, the suspected flesh will be brushed with a secret solution and on exposure to ultraviolet rays, the finger prints will be revealed. Rubbing will not remove the marks. They can only be scrubbed off.

Pan Chao of China, about A.D. 80, wrote the first book in any language on the education of women.

CONFERENCE OF PREMIERS COMES TO CONCLUSION

Ottawa.—Appreciation of each other's viewpoints on a great variety of subjects and a much fuller degree of mutual understanding are foreseen as concrete results of the Dominion-Provincial conference concluded after a full week of deliberation. The gathering, to begin with, was only a conference and possessed of no executive or administrative functions, but powers definitely to decide anything. Nevertheless, those who participated feel that the various subjects discussed will, at least in a degree, find a reaction in legislative proposals. Although the delegates were divided on political alignments, the party element was wholly submerged and the proceedings throughout, despite occasional divergence of views, were devoid of any suggestion of open discord.

The Dominion Government sought collective counsel on three or four questions while the provinces put forth their views on ten times as many. In neither respect were the conclusions definite nor beyond the mutual exchange of opinion.

At the outset, the question of constitutional reform arose in two phases, reform of the Senate and powers to amend the British North America Act, otherwise known as the constitution. In, as is held, a change in the make-up and functions of the Senate required as a conditional precedent, the sanction of the original parties to Confederation, the discussions have made it quite clear that such essentials are not likely to be fulfilled.

On similar lines was the division of opinion as to Canada securing the power to itself amend the constitution even though such a power was designed to be circumscribed with limitations if any attempted amendment invaded the sphere of provincial or minority rights. Nevertheless it is within the competence of the Government to go along with such a power even though it is to be circumscribed with limitations if any attempted amendment invaded the sphere of provincial or minority rights. Nevertheless it is within the competence of the Government to go along with such a power even though it is to be circumscribed with limitations if any attempted amendment invaded the sphere of provincial or minority rights.

As regards the question of subsidies, the move for a revision was pretty general from the provinces, although Ontario and Quebec, more fortunately situated than the rest, were not especially insistent, save to lend support to the demands of others.

A great deal was said about the delineation of the spheres of taxation and different proposals were advanced, but the Dominion Government's attitude was expressed in the general statement of the finance minister that all questions of subsidies and taxes will require mature consideration.

Respecting the fuel question, there was considerable demand for a national fuel policy, but the provinces were largely a re-bash of what has of late been heard in Parliament. Alberta's coal problem arises out of transportation costs, while the problem of Nova Scotia is intensified by production costs. The Dominion Government apparently is disinclined to go behind the railway commission's finding of the cost of coal movements from Alberta and as regards Nova Scotia it suggests improved production methods of coal. The steel tariff is before the tariff board.

One result of the conference will be the strengthening of the laws in regard to the import and export of liquor. Immigration, exhaustively dealt with, is to be the subject of an aftermath meeting.

All told about 19 subjects were discussed with those aforementioned outstanding. While the immediate results are not so apparent, all those who assisted express the view that, apart from the gathering being helpful, it is likely to last considerably more conscious and the removal of several causes of conflict.

Are Seeking Settlement
Toronto.—T. G. Clarkson, who is one of the liquidators of the Home Bank of Canada, has confirmed that discussions are now going on with a view to settlement of the five million dollar debt brought by the liquidators against the directors of the defunct institution.

U.S. Shy On Half Dollars
Washington.—Scarcely 50,000 of the new pieces were coined last month in the mints at Philadelphia, Denver and San Francisco, and the demand is still running ahead of the supply. Officials have been unable to account for the sudden drop, except that no half-dollars were coined from 1921 to 1926.

Allowed Wave Bands For Directing Aircraft

Canada's Right To Exclusive Bands Recognized By Radio Conference

Washington.—Canada's right to exclusive wave bands for the direction of aircraft in the Dominion, has been recognized by the International Radio Conference, and a wide band, sufficient to take care of extensive development of commercial types in Canada has been set aside for the sole use of Canada.

When the question of communication between aircraft and ground stations was under discussion in committee, the Canadian delegates brought up the necessity for the recognition of the needs of aircraft in the Dominion. It was pointed out that in practical application of aircraft for forest protection, survey work and similar useful purposes, Canada led the world. The necessity for a clear band through which aircraft could communicate regularly with ground stations, was recognized as it had been previously recognized in Europe.

"With the additional facilities," a Canadian delegate told the Canadian Press today, "it will be possible to provide not only for the very extensive forest protection operations in the various provinces, but also for all kinds of commercial aircraft enterprises."

Is Minister Of Railways

Geo. Spence, Maple Creek, Accepts Portfolio In Saskatchewan

Regina.—Appointment of George Spence, member of the House of Commons for Maple Creek, as minister of railways in the Saskatchewan Government was announced by Hon. S. J. Latta, acting premier.

A reorganization of the Saskatchewan government, in which the portfolio held by all the ministers, except those of Hon. Dr. J. M. Uehring, minister of public health; Hon. C. M. Hamilton, minister of agriculture, and George Spence, minister of railways, will be affected, is foreseen.

"It is considered important that George Spence, who has always shown a marked interest in and aptitude for railway development in the newer districts of the province, should be given an opportunity to serve in this department," said Mr. Latta in making the announcement.

Says Debt Reduction Essential For Canada

In Order To Retain Position In World Markets Declares Robb

Ottawa.—"It was essential for Canada to reduce her debt to maintain her position in the markets of the world," Hon. J. A. Robb told the provincial premiers conference here following the submission for increased subsidies. The minister of finance emphasized the tremendous obligation growing out of the war and the maturities which the Dominion was compelled to meet from time to time. Hon. Mr. Robb promised nothing beyond what parliament would see fit to do in the matter of increased subsidies.

Moutie Is Promoted

Ottawa.—Staff Sergeant A. H. Roy, renowned Arctic traveller of the Canadian Mounted Police force, has been promoted to the rank of inspector, according to an announcement made here. While in charge of a detachment at Pond's Inlet, he conducted the preliminary proceedings in the celebrated James case, in which Irish law was enforced in the Arctic.

May Bar Further Excavation

Cairo.—Germany may be refused further permission to make excavations here in view of the dispute over the bust of Queen Nefertiti, which the Berlin Museum insists on holding. The Egyptian antiquities department demands that it be returned to Egypt.

Making Effort To Have Sentence Changed

Council In Nelson Case Appealing To Department Of Justice

Winnipeg.—Council for Earle Nelson, found guilty of the murder of Mrs. Emily Patterson, are preparing to make representations to the Department of Justice for the remission of the death sentence, Nelson was sentenced to be hanged January 13.

The plea of insanity which the defence offered at the trial will be the basis for the representations to be made to the executive authorities. The evidence given by defence witnesses, together with records from Napa State Asylum, California, will be forwarded to Ottawa.

They will be supplemented by X-ray plate photographs of Nelson's head. The plates were ordered chiefly for investigational purposes and were not offered in evidence at Nelson's trial.

TO STRENGTHEN LIQUOR LAWS OF PROVINCES

Ottawa.—Very important intimations, bearing upon the question of the import and export of liquor, were made during the progress of the discussion on the question at a sitting of the Dominion-Provincial Conference.

The provinces were unanimous in their request for control of the importation of liquor, both where there are liquor control boards and also where there is legal prohibition. Likewise, there was unanimity in demands for a curbing of the operation of liquor export houses.

The announcement, which came from the Federal Government representatives, was that the bill, confining liquor, will be re-introduced, twice already this has been killed by the Senate.

As regards export houses, the undertaking is given that, where any province so desires, customs bonding privileges will be denied such establishments. Any such policy, if adopted on provincial initiative will put a very large crimp in the operation of export houses to which are attributed many of the abuses which have arisen in the liquor traffic.

Another proposal of the provinces was for the reduction in the excise duties on liquor. The Minister of Finance declared that the demand for increased subsidies was not quite in consonance with the demand for lower excise duties, but stated that the Government was willing to listen to reason.

There was discussion on judges and a majority of the speakers favored higher salaries and uniformity in retirement of judges but little attention was paid to the question of age. It being pointed out that some of the oldest judges were the most efficient.

Would Eschew Politics

United Farmers Of Ontario Will Discuss Reform On This Question

Toronto.—A resolution calling for the abolition of the political committee and the elimination from the official statement of aims of the organization of all reference to political activity will be placed before the United Farmers of Ontario when they meet in their annual convention in this city December 7 and 8. The resolution if passed would remove the last hint of a political complexion from the organization.

The same resolution asks the association to condemn the use of the title U.F.O. by any members of the provincial or Dominion Parliaments, or any candidates for either House.

A resolution asks that a study of co-operative marketing be placed on the curriculum of rural schools.

Was Lone Representative

Dr. W. A. Shaulis, of Winnipeg, president of the International Association of Dairy and Milk Inspectors, was the only Canadian present when the Association met in Toronto, Ont. A resolution of regret at Canadians remaining aloof was passed.

Canadian Airmen Dive Into River

Fliers Deceived By Reflection Of Leaden Sky On Water

Fredericton, N.B.—Deceived by the reflection of a leaden sky on the smooth surface of the St. John River, a Canadian air craft dove straight into the river here. In the plane were Flight Lieutenant C. N. Harrop, pilot of the machine; Corporal Walsh, mechanic, and C. Donnelly, photographer. All are from Dartmouth, N.S., air station.

Canoes, rowboats and power craft dashed from both banks of the river as soon as the crash occurred as the plane had circled several times before plunging for the surface of the river. The three aviators were all clinging to the wreck, the plane having broken up after striking the water.

The airmen were cut about the face and much bruised and suffering from shock and exposure.

Federal By-Election

Polling Day At Maple Creek Constituency Fixed For Dec. 9

Ottawa.—A federal by-election is impending in the constituency of Maple Creek, Sask., consequent upon the resignation of George Spence, Liberal M.P., who has become Minister of Railways in the Saskatchewan Government.

Writes for the election fix November 25 as nomination day and December 9 as polling day.

This is the first by-election since the Conservative Party's conversion in Winnipeg and the choice of Hon. R. B. Bennett, K.C., as leader.

Winter Air Mail Proposed

Would Serve Remote Posts Which Are Practically Isolated

Ottawa.—A representative of the Canadian Transcontinental Airways Limited, is in Ottawa to confer with the officials of the Canadian Air Board in the matter of transporting mail to Seven Islands, Anticosti, and the Magdalen Islands during the closed winter season of navigation. The contract for this new service has already been awarded.

Hitherto these remote posts have been practically isolated, delivery of mails being entirely dependent on dog teams during the winter.

League Session In December

General.—The quarterly session of the League of Nations Council has been officially convoked for December 5. One of the most important questions to come up is the appeal of Lithuania against Poland, alleging the mistreatment and arrest of clergy in the Vilna District and the removal of the schooling rights of Lithuanian children, which is declared to be threatening peaceful relations between the two countries.

Niagara Post Office Damaged By Fire

Building Practically Wrecked By Explosion In Furnaces

Niagara Falls, Ont.—Damage amounting to about \$10,000 was caused and a woman and her child rescued with difficulty when fire practically wrecked the post office building here. Twenty postal clerks, and mail carriers escaped from the building but returned and managed to remove the mail to safety. Mrs. Gerrie, wife of the caretaker, and her infant child, were taken from the smoke filled building by firemen.

An explosion, believed to have occurred in the furnaces and blowing out all the windows and doing damage to nearby buildings, started the fire.

The force of the blast broke windows in buildings nearby and one man was hurled through a doorway into the street but was not injured.

Dense clouds of smoke that filled the building prevented firemen from entering.

Receives Application For Steamship Service

Federal Government Gets Offer On Line To Fort Churchill

Winnipeg.—The following special despatch from Ottawa is given promulgated by a Winnipeg paper:

"The Federal Government has been invited to enter into an agreement with a steamship company with offices in Great Britain and Montreal whereby the company will put on a regular steamship service from Port Churchill to England and the continent in return for a concession of crown lands in the Fort Churchill area.

"Rumors of this application had been current in the capital for several days and confirmation was obtained from Hon. W. R. Meagher.

"The company is the Gaspe Steamship Company, Ltd., of London, England and Montreal."

Would Make Ocean Flight

Crippled Aviator Is Fearless and Competent Pilot

Wheeling, W. Va.—Wheeling, the city that sent Ruth Elder forth in an attempt to cross the Atlantic ocean by air, now has another aspirant for trans-Atlantic honors—an aviator with no legs but one arm. The crippled birdman is Morris R. Langherty, 35, of New Martinsville, near here. He has been flying for a year and is known as a fearless and competent pilot. Now he is ready to attempt an ocean flight.

BALDWIN IS QUITE OPTIMISTIC ABOUT EUROPE

London.—Fulfilling the traditional role of principal speaker at the Guildhall, where once a year the big business men of the ancient city of London get a review of government affairs straight from Downing Street, Premier Stanley Baldwin declared himself an optimist about Europe, because he is a realist.

"Great Britain, France, Germany and Italy, to protest against the struggle of the day," he said, "now meet as equals and partners to advance the cause of peace, and they look forward to the consummation of our common civilization."

Mr. Baldwin paid grateful tribute to Aristide Briand, the French Foreign Minister, and Gustav Stresemann, the German Foreign Minister, as far-sighted leaders who rendered us rapprochement possible.

"All Europe honors them and renders them tribute," he added. "All Europe asks where next will a statesman be found with the courage of Stresemann, the broad humanity of Briand, what country in the Balkans, in Central or Eastern Europe, will first follow their example and earn like fame."

The Prime Minister wished he could speak equally hopefully about Russia. There were circumstances which led Great Britain to cease diplomatic relations with Russia, he said. There were similar circumstances which prevented the United States from ever admitting of such relations.

"Whenever the Russians are prepared to observe the ordinary decrees of international intercourse and abstain from interference in our domestic affairs from a policy of intrigue and hostility," he continued, "they shall find us ready to meet them in the spirit of liberality and good will which inspires our whole foreign policy."

CAUSE OF WORLD PEACE IS MAKING GOOD PROGRESS

St. Louis, Mo.—The United States did not let Europe down at the close of the world war, Henry Wickham Stead, editor of the Review of Reviews, of London, England, declared at the International Goodwill Congress here.

"I confess that I have never regretted," said the noted editor, "in the same way as many of my fellow countrymen and millions of Europeans have regretted, the decision of the American people not to join the League of Nations or to ratify the peace treaties. I have always felt that your people are very distant from Europe to be able to follow, or perhaps to wish to follow, European affairs with the discernment that is indispensable if responsibilities are to be incurred and, on occasion, discharged.

Progress of the cause of world peace has been "considerable and very encouraging" in recent years, Sir John Chamberlain, secretary of foreign affairs in Great Britain, said in a letter written to the Goodwill Congress, which was read by Fred R. Smith, chairman of the executive committee of the World Alliance.

"To view the last ten days are the servants of their peoples in regard to foreign policy," he wrote, "just as much as they are in regard to domestic affairs." Progress of the cause of world peace has been considerable and very encouraging.

"Compare the state of Europe with what it was four years ago and the process of economic reconstruction (in which the League of Nations has lent inestimable aid), has made immense strides, nor have the results achieved on the political side been less remarkable.

"The Dawes agreement and the treaties of Locarno have opened a new chapter in the history of Europe. Germany has been received back into the committee of nations and the work of appeasement and reconciliation, more especially among the weaker powers, is steadily increasing.

"Scars so deep as those left by the war do not disappear quickly, but the results obtained show that we are on the right road and justify a sober confidence in the future."

Bronze Shield For Alberta

Calgary Cadets Are Given Shield For Shooting

Ottawa.—Hon. J. L. Ralston, Minister of National Defence, has received from the High Commissioner for Canada a bronze shield to be forwarded to the Western Canada College Cadet Corps, Calgary.

This shield is a small replica of the silver trophy presented by the King to be awarded annually to that part of the British Empire whose team of boys makes the highest aggregate score in the rifle shooting competition for the Imperial challenge shields. The competition is probably the greatest rifle shooting match in the world and last year over 28,000 boys took part in it.

Want 10,000 Horses

Russia Ready To Place Bid Order For Canadian Hags Next Year

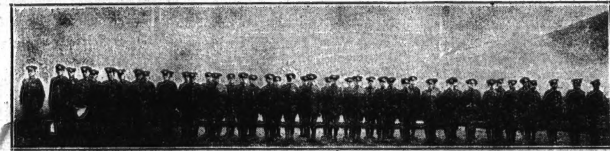

Quebec.—Transportation of 30,000 Canadian light draught horses from Quebec to Leningrad, Russia, is the goal that has been set by the Soviet Government for the 1928 season of navigation. It was learned here that the departure from Quebec about November 16 of the Russian steamer Dekabrist with 850 horses, a total of 3,000 of the animals will have been shipped through this port this year and in order to carry the considerably larger figure aimed at for next season, the Soviet Government will charter another steamer in addition to the Dominion.

Big Ranch Deal

Calgary.—One of the largest deals in the history of Alberta ranch property—involving more than \$750,000—was put through here, when the George Lane Company sanctioned the sale of the Bar U and Willow Creek ranches together with all livestock and equipment to the P. Burns company.

Desires To Abandon Flight

Berlin.—The Foreign Office has been advised by the German consul general at Calcutta, India, that Otto Kohnke, who set out to fly to the U.S. by way of the Orient, is ill and penniless and desires to abandon his plan and return home. The Foreign Office understands this marks the end of the ill-fated attempt.

Canadian Guard at Washington Unveiling

The Canadian Guard of honor at the unveiling in Washington of the Canadian monument to Americans who fell while serving in Canadian Uniform which was dedicated on Armistice day, was drawn from the famous 102d Regiment of Quebec City. They are shown photographed at the Canadian Pacific station in Montreal enroute to Toronto recently before joining other Canadian units and proceeding to Washington. The "Cross of Sacrifice" was erected in the Arlington National Cemetery by the Canadian Government. The unveiling ceremonies were of an international nature, troops and dignitaries from Canada and the United States taking part, the monument being unveiled by the Hon. Vincent Massey, Canadian Ambassador at Washington.

LODGE DIRECTORY

Blairmore Lodge No. 68,
I. O. O. F.
Meets every First and Third Tuesdays at 8 p.m., in the Oddfellows Hall. Officers for the ensuing term: E. McEwen, N.G.; W. Oliver, V.G.; J. B. Harner, Secretary, Box 243.

Since the commencement of the snow storm on November the 3rd, around twenty-three inches of snow has fallen in this district.

For damage done when a small building was upturned as a Halloween prank, three Calgary lads were fined five dollars each and costs.

J. A. Kerr's two-weeks' sale ended with a real bang on Saturday last. Mr. Kerr states it was the biggest success he had ever had in business.

Because of our reference to certain actions of a local Chinaman during Halloween, we are being threatened with a defamation of character charge.

The Blairmore Elks will hold their annual dance in the opera house on the night of Thursday, December the 29th. Banff orchestra will furnish music.

The Bellevue ice man has been very busy during the cold spell and now has splendid ice on both the curling and skating rinks. Curling opened last night.

An important scale convention of the Mine Workers Union of Canada will open in Calgary on Monday next, with Mr. Frank Wheatley, president, presiding.

Reg. Mackey, formerly of the Bellevue Seniors, the Calgary Tigers, the Vancouver Maroons and New York Rangers defunct, is now with the Boston Bruins.

Miss Ella Emmerson entertained a number of friends at her home in Bellevue last night. Whist and dancing formed the principal items on the programme.

A Scotchman named Pete McPherson was walking down the street the other day with his mouth wide open. Asked the reason, he said he had heard there was a nip in the air.

Gus Mattson and Bud Fisher, who last season played with the Bellevue seniors, are leaving for points between Macleod and Calgary, where they will play hockey this winter.

The marriage was solemnized at the United church manse last night of Mr. Frank V. Ruzicka to Mrs. Annie Dypolt, both of Frank. The ceremony was performed by Rev. J. W. Smith.

Proposed salary increases for the 27,000 teachers in the city of New York will total around \$14,000,000. The average salary is \$1200 and they are still much lower than those generally received for professional services.

Charlie Sartoris tells one in connection with his trip back from Italy last year. One afternoon he was strolling the deck of the ship and came across a friendly looking lady. "Bit of a swell, though, madam," remarked Charlie, to which she replied: "Awful nice of you, mister, but you ought to see me on Sundays."

TO BLESS NEW CHURCHES

AT COWLEY AND BURMIS

His Lordship Bishop Kidd, of Calgary, will be in this district on Sunday next, and during his stay will dedicate the two beautiful churches just completed at Cowley and Burmis.

At 9 a.m. his lordship will celebrate mass and bless the church at Cowley, and at 11 a.m. perform similar ceremonies at Burmis.

Canada's "Agricultural Jubilee" is to be celebrated this year according to an announcement made by the Hon. W. R. Motherwell, minister of agriculture, who has taken the matter up with various provinces. It has been decided to hold the celebration in connection with the Royal Winter Fair at Toronto, November 16 to 24 as the new building erected there jointly by the Dominion and Ontario Governments offer a splendid setting for this event.

In spite of the milk embargo Canada's exports of milk and cream to the United States have been well above the average this year, according to Washington figures. The total exports of milk and cream, chiefly the latter, show an increase of 84,000 gallons during the seven months period January to July. The exact figures, 1,094,798 gallons compare favorably with 1,062,756 gallons in 1926 and 1,056,161 gallons in 1925.

Local and General Items

Mrs. Val Rinaldi is confined to her home through illness.

Okotoks Elks have decided to build a new hall, to cost in the neighborhood of six thousand dollars.

A Chevrolet car raffled by All Saints' church, Kimberley, was won by Mr. W. Kerby, of the Palliser hotel, Calgary, on ticket number 2363.

An exchange remarks: "When you think what red netting does for pale peaches, you wonder why some girls don't try it."

Thursday, the 24th day of November, has by proclamation been set apart as a day of Thanksgiving and prayer in the United States.

Police should put a stop to the practice of some young lads who gather around the gallery of the Orpheum theatre, making use of matches and cigarettes.

Mrs. Mahoney missed one of her canaries on Saturday and had reason to suspect a Hindu had swallowed it, for the latter sang continuously for forty-eight hours.

Prizes in the waltzing competition at the Armistice hall on Friday night were awarded to Mrs. Anderson, of Lethbridge, and Mr. Arthur Amphlett, of Hillcrest.

Mr. Job, field representative of the Packers and Butchers Supplies, Limited, Calgary, was the lucky winner recently of a modern cream separator outfit, valued in the neighborhood of around \$250.

The annual general meeting of the Blairmore Curling Club will be held at the Greenhill hotel tonight at 7.30. A full attendance of curlers, prospective curlers and anyone else interested, is requested.

While the thermometer was hovering around zero in Blairmore yesterday, it was raining at Fernie, only thirty miles away as the crow flies. A decided change has taken place here today, however, and it is now quite mild.

The old Grand Northern grade from Fernie to Elko is now being used in places for an auto road. It is rumored that the government will in the spring finish surfacing it and build a few bridges, putting it in first-class condition for road traffic.

A small crowd turned-out last night to hear a very interesting and instructive lecture on mission work among the North American Indians, delivered by Rev. Roy C. Taylor, of Hillcrest, at the United church. The lecture was worthy of a packed house.

Everybody should bear in mind the Children's Rally Day or Anniversary, which will be held in the opera house on Sunday next, November 20th. A big treat is in store, as special music is being arranged, including solos, duets, orchestral selections and a massed choir of some 150 voices.

The young bride had come out second best in her first encounter with the cookbook and range. She ran to the telephone and called up her mother. "Mother," she sobbed, "I can't understand it. The recipe says clearly: 'Bring to boil on a brisk fire, stirring for two minutes; then heat it for ten minutes.' And when I came back after ten minutes it was burnt to a crisp. That book of recipes is no darn good, is it mother?"

Drawing attention to the fact that three of Canada's leading men, viz. McKenzie King, R. B. Bennett and E. W. Beattie are bachelors, the Vegreville Observer, observes: "Had they married and been daddies of a bunch of little Kings, Bennetts and Beatties, it is possible that none of them would have found time to become more or less great. The fact is, though, that few of our public men do much in the way of perpetuating the race. The Fathers of Confederation were not fathers of much else."

Mr. E. A. Harper has returned to town, after about a month's absence.

Twenty years ago, Rev. J. F. Hunter, of Nanton, accepted a call to the Baptist church at Pincher Creek.

Through an ice blockade in the Bow River, considerable damage has been done to Calgary property.

Thomas Gray's "Elegy Written in a Country Church Yard" was recently sold in New York for \$4900. The book was published in 1851.

Miss Mary Sartoris returned to Calgary by Monday night's train, after spending two weeks with her parents here.

Another epidemic of pig-pong has hit the town of Fernie. Symptoms show, however, that the cases are not of a very virulent type.

A bunch of marriageable young French lassies have landed in Eastern Canada and the boys of the wild and woolly West are asked to go down and look 'em over.

The Kimberley Press remarks: If all the fellows who oppose progress and criticize public-spirited citizens were laid end to end, the country would be better off.

Three strike leaders have been refused work at the Elgin mine in Drumheller. Following a three-day walk-out, the miners went back to work unconditionally.

Charles R. Hosmer, a director of the C.P.R., died in Montreal on Monday night. It is of interest to note that the former town of Hosmer, thirty-seven miles west of Blairmore, was named after him.

Nearly four million pupils in the schools of the United States are participating in school savings banking and have deposited more than twenty-three million dollars during the year ended June 30, 1927.

Good progress is being made at ice-making at the arena, and Mr. Ringland hopes to have sheets ready for both skating and curling by Monday next. Season tickets for skating are now ready and can be obtained by applying to the secretary, Robert Gray.

There'll be a meeting of Yonsons at the Cosmopolitan hotel tonight. The following are likely to attend: Mack Yonson, of Calgary; Percy Yonson, of Banff; Johan Yonson, of Blairmore, and John Yonson, of Lille. The subject for the evening will be "Improving The Race."

An aerial pony express between New York and London, on a 35-hour schedule, calling for eight landings at sea, is planned by an American shipping corporation. The United States Shipping Board has been asked to aid with a loan of 80 per cent of the steamships' cost.

A fellow who recently served a night or two in the Drumheller jail, states that the beds there are altogether too hard and uncomfortable, and unless some improvements in this respect are made, it will be a long time before he will again become the guest of the province.

The supreme court of Canada is to be called upon to decide whether or not a woman is a person in law. This is in connection with eligibility to a seat in the Dominion senate. The act authorizes the government to appoint "qualified persons." If a woman is not a person, it is to be hoped that the court will classify her.—Nanton News.

At a special meeting of the Blairmore Board of Trade on Tuesday afternoon, Mr. L. L. Morgan, president, was delegated to attend the conference of provincial boards of trade to be held in Calgary on November the 28th and 29th. "At this conference, many matters of vital importance to all parts of the province will be discussed."

It is easier to live within an income than without one.

Eighty-three per cent of Canada's annual wool production goes to the United States.

A civic government association has been formed at Red Deer with a membership of sixty-four citizens.

Fernie Elks' new clubrooms will be ready for occupation about Monday next, when it is expected an opening social will be held.

The poor fellow had an unfortunate slip. He was out with a girl. He murmured: "I love to thee a girl thigh." And she slapped him.

A man named Stanton Children died at Okotoks recently. It's a case of the Stanton Children dying at the same moment.

While it is against the law in Alberta for anyone to sell tea or coffee with a "stick in it," we actually found a piece of a toothpick in a cup of coffee the other day.

The marriage of Mr. Virgil Passmore, son of Mr. and Mrs. G. A. Passmore, of Blairmore, to Miss Lillian Thompson, of New York, was solemnized at New York city today.

"Lips that touch liquor shall never touch mine," said the old-fashioned girl. But now the modern flapper says: "Whistya got on yer hip, old scout? I'm dryer'n a catfish."

Boddy McDonald, the well known boxer of Drumheller, formerly of Coleman, has received word of the death of his mother at Glace Bay, Nova Scotia, at the age of 82 years. Besides her son in Drumheller and other sons and daughters in Cape Breton, the late Mrs. McDonald leaves a daughter, Mrs. Samuel Hatfield, of Coleman.
